

Example Post-event Survey

Thank you for taking part in the hackathon event! We hope you had a great time and learnt a lot. We also hope that when you come up with a big data idea now, you feel empowered to go and do it using the many tools and technologies that are out there.

We would be grateful if you could fill in this survey to share your experience with us and to help us to shape future events.

NB: Please note that this survey is completely anonymous.

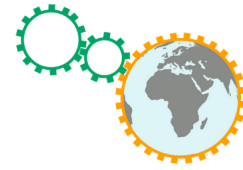

Section 1: Guest Presentations

1. Were the guest presentations useful?
 - Yes
 - Somewhat
 - No
2. Name one thing that stood out for you in the guest presentations
3. Which guest presentation did you find the most interesting? Please tell us why.
4. What other topics would you like to have seen presentations on?

Section 2: Preparation Material

1. Did you feel well prepared for the hackathon?
 - Yes
 - No
 - Partly
2. Did you have time to read the preparatory materials?
 - No time at all
 - I managed to get through all the material
 - I managed to get through some of the material
3. Please rate the quality of the preparatory materials that were sent to you via email.
 - Poor
 - Sufficient
 - Excellent
4. Are there other topics you would have liked to read about before the hackathon?
5. Do you have suggestions on how we could better prepare you for the hackathon (communication, preparatory materials, what to expect, etc.)?

Section 3: Hackathon Tutorials

1. Please rate the difficulty of the hackathon tutorials
 - Easy
 - Manageable
 - Difficult
 - Very difficult
2. What was your favourite aspect of the hackathon tutorials?
3. What (if anything) did you find particularly challenging about the tutorials?
4. How did you find the coaching from the tutors?
 - Unhelpful
 - Moderately useful
 - Helpful
 - Very helpful
5. Do you have any further comments regarding the tutors?
6. Do you have any suggestions to improve the hackathon tutorials?

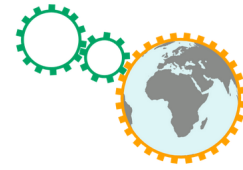

Section 4: Hackathon Task

1. 16. How did you find coming up with a task of your own?
 - Easy
 - Manageable
 - Difficult
 - Very difficult
2. How did you find working in a team to complete the task?

Section 5: Experience

1. How did attending this hackathon affect your confidence in your coding abilities?
 - It had a positive impact
 - It had a negative impact
 - None
 - Other:
2. After participating in this event, are you more confident about using any of the following tools?
 - Python
 - Jupyter Notebooks
 - Machine Learning
 - Deep Learning (e.g. transfer learning)

Hack4dev

- Feature engineering
 - Natural Language Processing
 - Python
 - Jupyter Notebooks
 - Machine Learning
 - Deep Learning (e.g. transfer learning)
 - Feature engineering
 - Natural Language Processing
3. What additional skills/technologies would you like to learn following this hackathon?
 4. Has your perspective on your career/studies changed after this hackathon? If so, how?
 5. What was most memorable about this hackathon?
 6. If you have any other comments at all about this hackathon please let us know.
